CONDITIONS/ELIGIBILITY REQUIREMENTS

Application Offer: This incentive program covers products purchased and installed or placed into stock on or after January 1, 2009. Details of this program, including incentive levels, are subject to change without prior notice. Contact your Energy Efficiency Program Provider (EPPP) or sponsor for the latest program details. This application form with required attachments must be received by December 31, 2009. Motor project/savings may not be claimed under any other provider's energy efficiency program.

Eligibility: Incentives are available to industrial, commercial, institutional, and agricultural electric service customers. Motors must be installed or stocked in service territories of Energy Efficiency Program Providers and sponsors. Motors covered by this program must be new, three phase, induction motors, NEMA Design A & B, 1-200 HP, Open Drip Proof (ODP) or Totally Enclosed Fan Cooled (TEFC), 1200, 1800, or 3600 RPM. Other motors may be eligible for rebate under other programs.

Proof of Purchase: A sales invoice itemizing the new equipment purchased must accompany each incentive application form. The Proof of Purchase must indicate type, size, make, and model number of the motor and date of purchase.

Application Form: The front side of this form must be filled out completely, truthfully, and accurately. An authorized representative of the customer must sign, date, and submit the completed form along with an itemized proof of purchase or invoice. The efficiency information provided should be the NEMA nominal-efficiency rating from the motor nameplate. Efficiencies are to be Full-Load nominal efficiencies tested in accordance with IEEE Standard 112, Test Method B.

Payment: Please allow 30 days for delivery of customer incentive check or credit. If information is missing on the form, credit or check processing and delivery may be longer.

Approval and Verification: Pre-Approval from your Energy Efficiency Program Provider or sponsor may be required. Energy Efficiency Program Provider or sponsor reserves the right to verify sales transactions and to inspect the motor installed or stocked under this program, prior to issuing incentives, or at a later time, for monitoring and evaluation purposes.

Tax Liability: Energy Efficiency Program Provider or sponsor will not be responsible for any tax liability that may be imposed on the customer as a result of the payment of incentives. All customers must supply their Federal Tax Identification Number in order to receive an incentive.

Endorsement: Energy Efficiency Program Provider and sponsor do not endorse any particular manufacturer, product, or system design in promoting this program.

Limitation of Liability: YOUR ENERGY EFFICIENCY PROGRAM PROVIDER DOES NOT WARRANTY THE PERFORMANCE OF INSTALLED EQUIPMENT, EXPRESSLY OR IMPLICITLY. Rotational speed differences between premium and EPACT motors can affect savings or performance. Contact your electrical contractor for details regarding equipment performance and warranties.

Assignment: Customer may assign payment to a qualified vendor.

Specific Requirements: Some Energy Efficiency Program Providers or sponsors have specific requirements or conditions regarding issues such as: motors placed in stock, account credit, assignment to vendor, waiver for metering, etc. For more information on requirements, contact your Energy Efficiency Program Provider or sponsor listed below.

The Energy Efficiency Program Provider (EPPP) is entitled to 100% of the energy benefits associated with the ECMs, excluding the value of energy cost savings realized by the customer, but including all rights to all associated ISO-NE Energy Capacity and Reserves Products, and the customer agrees to provide the EPPP with such further documentation as the EPPP may request to confirm the EPPP's ownership of such benefits and Products.
